FARM INCOME STABILIZATION COMMISSION

RESPONSIBILITIES

- administration of the Farm Income Stabilization Act
- administer plans of Farm Income Stabilization established by regulations
- provide for surveys and research relating to farm income stabilization to obtain statistics for Commission purposes.

PROGRESS

The Farm Income Stabilization Commission offers four Grain Plans - Winter Wheat, White Beans, Soybeans and Corn - and a Weaner Pig Stabilization Plan. The present three-year Grain Plans expire at the end of the 1981-82 crop year. The five-year Sow Weaner Plan terminates on March 31, 1985.

Farmers enrolled in the Plans are required to register and pay the required fees at prescribed times. The fees required represent one-third of the estimated maximum payout of 5%.

Fees on deposit earn interest. If these fees, plus the accumulated interest, are not used for a payout, they are returned to producers at the termination of the Plan.

The production period for grains is one year, while for hogs it is six months.

Continued depressed pork prices resulted in a payment of \$51.94 per sow to pork producers for Period 2, in June, 1981. This amounted to Ontario Government contributions of \$6,522,834.

AUDITOR'S REPORT

I have examined the balance sheet of the Farm Income Stabilization Commission of Ontario as at March 31, 1982 and the statement of receipts and disbursements for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1982 and the results of its operations in accordance with the accounting policies described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

In accordance with section 14 of the Farm Income Stabilization Act, a report on the audit has been made to the Commission and to the Minister.

D. F. Archer, F.C.A.,
Provincial Auditor

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

Notes to Financial Statements
March 31, 1982

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The Commission uses essentially a cash basis of accounting except for the following modifications:

- i) For administrative expenses, an additional thirty days is allowed to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for a pay period which overlaps the fiscal year end date are apportioned between the two years.
- ii) Fees recorded in Schedule 1 are on an accrued basis and an allowance for doubtful accounts has been established as discussed in note 4.
- iii) Interest is accrued on both outstanding fees receivable and the loan from the Treasurer of Ontario.

2. ADMINISTRATIVE EXPENSES

Administrative expenses are paid out of moneys appropriated therefor by the Legislature of the Province of Ontario. Certain additional administrative expenses have been absorbed by The Crop Insurance Commission of Ontario.

3. FARM INCOME STABILIZATION PLANS

Farm income stabilization plans are established by regulations under the Farm Income Stabilization Act. These voluntary plans are designed to stabilize the income of Ontario farmers in periods of low market prices. Stabilization support payments are limited to the difference between 90 and 95 per cent of the five-year average market price as adjusted for changes in cash costs of production.

Fees are normally collected in advance except as discussed in note 4 and are set at a level sufficient to cover approximately one-third of the stabilization support payments in accordance with the provisions of section 6 (3) of the Farm Income Stabilization Act. The Province of Ontario provides the other two-thirds.

The following voluntary plans were established during the period from inception of the Commission to March 31, 1982:

	Ontario Regulation
Ontario Corn Stabilization Plan, 1977	365/78
Ontario Corn Stabilization Plan, 1978-1980	508/78
Ontario Soybean Stabilization Plan, 1978-1980	509/78
Ontario White Bean Stabilization Plan, 1978-1980	510/78
Ontario Winter Wheat Stabilization Plan, 1979-1981	331/79
Ontario Soybean Stabilization Plan, 1979-1981	479/79
Ontario Corn Stabilization Plan, 1979-1981	480/79
Ontario White Bean Stabilization Plan, 1979-1981	481/79
Ontario Weaner Pig Stabilization Plan, 1980-1985	585/80

3. FARM INCOME STABILIZATION PLANS (cont'd)

The majority of applicants in the 1978-1980 plans have been transferred to the 1979-1981 plans. Enrollments under the winter wheat plan 1979-1981 and the 1979-1981 plans for soybean, corn and white bean are for 3 year terms ending June 30, 1982 and August 31, 1982 respectively. Enrollments under the weaner pig plan are for a term ending March 31, 1985. At the end of the term, moneys standing to the credit of farmers enrolled in these plans will be refunded together with any interest earned thereon.

The Commission shall, at the discretion of the Treasurer of Ontario, pay into the Consolidated Revenue Fund any surplus moneys in the Fund that are not necessary for the current requirements of the Commission in accordance with section 12 of the Farm Income Stabilization Act.

4. ONTARIO WEANER PIG STABILIZATION PLAN, 1980-1985

The Government of Ontario developed this five year plan to help stabilize the incomes of many of the province's pork producers. The plan functions in the manner as discussed in Note 3, with one exception. In order to pay the producers the maximum amount possible under the regulations when stabilization support payments are made, the difference between the farmers one-third share of the stabilization support payments and their prepaid registration fees are not deducted from the stabilization support payments but rather are recorded as accounts receivable. While the Commission will endeavour to recover the advances including interest at a later date, a reserve for doubtful accounts of \$400,000 (1981 - nil) has been established.

5. LOANS FROM THE TREASURER OF ONTARIO

The Treasurer of Ontario has provided loans under section 11 of the Act to finance a portion of the stabilization payments under the Ontario Weaner Pig Stabilization Plan, 1980-1985. The maximum term of each of these loans is five years, and they bear interest for that term at the current market rate as determined by the Treasurer of Ontario at the time such loans are authorized by Order in Council.

6. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to the 1982 presentation.
